

Field Trip to Local Orchestra

Identifying information

Inside the Music (Ottawa)

Our Inside the Music event features free admission to a rehearsal of the OSO in Southam Hall of the NAC, followed by engaging activities for audience members. This event complements our educational Symphony for Schools program. Inside the Music builds on that experience by allowing students to bring family members to see and hear the full-sized orchestra on a professional stage, without charge. This community outreach event is designed for grade school students and their family members, as well as new Canadians, in a way that makes live symphonic music accessible and all-inclusive.

Suitable grade levels

Suitable for any grade level, however, because it is an actual show you would have to go on your own discretion, considering to young or to rowdy.

Description of resources

Ottawa - http://www.ottawasymphony.com/youth_and_education.php

Have four different programs available for educators to use in order to incorporate more music into their classroom.

Toronto - <http://orchestratoronto.ca/wp/>

Does not have specific educational programs however you can contact them and ask for group ticket prices to current concerts.

Montreal - <http://www.osm.ca/en/youth-and-education/scool-activities/primary-school-activities>

Offers shows specifically oriented to children audiences (i.e. Peter and the Wolf), they also provide resources to use when taking your students to a concert to make sure they get the most from their experience

Winnipeg - <https://www.wso.ca/education/detail/31>

Have various programs available and even tell you which grades would be appropriate for each specific event, they also hold concert with only children involved so that they have a chance to show off their own talents.

Explanation of how this resource would be incorporated into a k-6 class

Explanation of how this resource is linked to the Ontario curriculum, grades 1-8 arts
